Darley Moor Sports Centre Post Covid-19 Procedures

Dear Member,

Currently the test day or meeting on 12th September is going ahead, please can I ask that you read the below to ensure you can help us keep everyone safe while on site. These guidelines are designed to allow everyone to feel safe while enjoying their time at our circuit while complying with the current government guidelines.

Covid-19. Due to the current pandemic which we all find ourselves in, competitors and officials should be aware that this event is, as with any other sporting event, subject to UK Government advice / guidance. As the governing body for motorcycle sport in Great Britain (less Northern Ireland), the ACU are bound to follow and adhere to current and up to date Government regulations. As such, the Permit for this event may be withdrawn subject to government advice/guidance issued leading up to the event. Alternatively, again dependent on UK Government regulations in force leading up to the event, it may be necessary to reduce the duration of the event. Should this be the case all competitors / officials will be notified as soon as possible.

The meeting will commence behind closed doors therefore no spectators will be permitted and riders must ensure their entourage is kept to the minimum and those attending are aware of the Social Distancing Measures which must be adhered to. No additional personnel or vehicle passes will be available. Your party is restricted to the Rider (& Passenger) **plus TWO** other people. People from different households must travel in different vehicles.

If you are under 18 then of course your Parents or Guardians must accompany you to the meeting. If your Parents or Guardians is not your mechanic then he may also attend. If you are from different households you must travel in separate vehicles.

If you or anyone in your party develop symptoms of covid-19 (a new and continuous cough, sore throat, a temperature above 37.5c or a sudden loss of taste and/ or smell) while at the venue then please return home at once and follow the latest government guidelines for what to do next. Likewise, if you have symptoms of Covid-19, then you must not leave your house to travel to the Darley Moor Motorsport Centre. You are advised to contact the NHS Helpline – 119 for further guidance.

The Covid-19 Officer appointed by Darley Moor MCRRC Ltd and Darley Moor Sports Centre is Mr Andy Barber and for Superkarting-uk will be Mrs Anne Hawley.

Competitors Arrival

All competitors must ensure they arrive at the venue in plenty of time and that the correct PPE must be worn. Competitors must follow instructions given to them and ensure they adhere to signage on display regarding control measures to minimise the risk of infection and at all times comply to the up to date Government advice/guidance relating to social distancing. Gates open on Friday 11th September at 4pm and close on Sunday 13th September at 7pm.

Paddock

All travel to the event must be in accordance to government social distancing rules, therefore anyone not a part of your household must arrive in a separate vehicle which must be parked in the car park, not in the paddock.

All areas will be marked out by the organisers.

Competitors Arrival

All competitors must ensure they arrive at the venue in plenty of time and that the correct PPE must be worn. Competitors must follow instructions given to them and ensure they adhere to signage on display regarding control measures to minimise the risk of infection and at all times comply to the up to date Government advice/guidance relating to social distancing.

Signing on

This will be done prior to the event on the official signing on/entry form which can be downloaded from Superkarting-uk website or via email on request.

Noise testing

Noise testing will be carried out in the kart assembly area with social distancing measures in place.

Assembly

In order to observe social distancing as far as possible, you must not remove your helmet or gloves in the assembly area.

All pushers MUST wear a face mask and gloves whilst in the assembly area and observe social distancing when leaving the assembly area.

On track

Should you breakdown or come off during practice or racing follow instructions of the marshals on scene. If possible, give the thumbs up to the nearest marshal to indicate that you are unhurt, and proceed to the nearest safest point off track.

Please do not remove your helmet or gloves at any point until back to your pitch or instructed to do so by a medical official.

If you do not require medical assistance on scene and are happy to do so, you may return with your machine with recovery, ensuring to keep 2 metres distance between yourself and recovery official. You must travel sitting in your kart and not sit with the official in the front.

From here you are then advised to report to the medical centre reception as normal.

If you require assistance, the Marshals will react in the normal manner and tend to the competitor wearing appropriate PPE (face masks / gloves). Medical support will be deployed as per the request of Marshals to Race Control. Competitors and Officials should bear in mind that due to Covid-19 restrictions, this may cause additional delays which may cause a delay to the race programme.

Medical Centre

Please do not enter the Medical Centre or Ambulances unless instructed to do so.

The Medical Centre will operate a Reception Area just outside the main door of the Medical Centre, you should report here no unauthorised persons allowed past this point.

Drivers are recommended to carry their own first aid kits and simple medications like paracetamol to reduce standard visits to the medical centre.

If you or anyone in your party develop symptoms of covid-19 (a new and contagious cough, sore throat, a temperature above 37.5c or a sudden loss of taste and/ or smell) while at the venue you must return home at once and follow the latest government guidelines for what to do next. **DO NOT go to an Ambulance or the Medical Centre.**

You must notify the Club that you have returned home by telephoning 07831 854896.

Facilities

Toilets will also operate under a one in one out procedure, please ensure a queue that observes a 2-metre distance between each person is followed outside. Once you have used the facilities each person must use the hand sanitiser available before leaving the block.

All toilets will be cleaned thoroughly and more frequently than usual- if they are being cleaned while you wish to use the facilities, we appreciate your corporation and patience in waiting till the cleaners have finished before you are able to use them again.

Dependent on UK Government Advice/Guidance in place prior to the start of this event, the facilities to purchase food/refreshments in the paddock, may not be open. If they are open, Willow Catering and Darley Diner will operate a limited takeaway service under strict social distancing measures, please do not use the benches outside the diner.

The Club shop will remain open however this will also operate a one in one out procedure, an orderly queue respecting the social distance 2 metre rule is observed at all times. we ask where possible for payments to be made by contactless payment.

The shop assistant will be wearing appropriate PPE and a Perspex screen has been installed to protect both them and yourselves.

End of day

Bins will be provided as normal however **we ask that you take your rubbish home when possible to reduce possible contact for staff.**
